	Behaviour Support Policy	As distributed by email	For discussion	Fiona Yeats	Fiona explained the Tiers in regards to the different levels of support. These are dependant on behaviour level and frequency. WHDHS behaviour statistics are comparable to other schools. The frequency of behaviour is sometimes high but only coming from a small number of students. Policy will need to be reviewed in Term 3. It was clarified that if consistent low level behaviour is occurring, actions will be escalated. The school has implemented a list of behaviours to ensure consistency across all classrooms. Change of contract terminology was discussed and good standing explained. Duration of monitoring cards changed as follows; 1 week for K-3 and 2 weeks for Yr 4 and up. Cultural responsiveness must now be considered and included in all policies including behaviour.
	PSR Report	To be distributed by email	Information, discussion, planning and school process	Fiona Yeats	Fiona gave a summary of findings mentioned in the PSR. WPL was discussed with a possible Immersion Day for yr 9 students. Flexible seating was commended by the review team. Attendance needs to be improved. All but 2 areas received a 3 yr return status.
	Strategic Plan	To be distributed by email	For discussion	Fiona Yeats	Has been covered at past meetings, the links to our PSR report should be clear. This is the 'flash version' of our plan.

	Student Council Uniform		For discussion	Renae Millstead	A small group of student councillors pointed out to a Board member they are disappointed that they are no longer permitted to have a Student Council shirt. Students pointed out that the Cadets had a different shirt. Fiona advised that these students would need to raise their case with either Mr Sinclair or herself for it to be considered because school boards do not deal with this sort of correspondence. This recommendation has been given to ensure correct Board protocols are followed.
	Classroom Names		For discussion	Renae Millstead	Feedback indicates concern over the new class names and the confusion they are causing. Fiona explained this implementation was related to our cultural responsiveness. It was agreed that all information from the school would include the room numbers following the cultural name.
