

From the

## PRINCIPAL'S DESK

with Fiona Yeats

Dear Parents and Carers,

Congratulations to Lorraine Lobo for our school's fantastic win in the Beyond the Gate Category in the Stephanie Alexander National Kitchen Garden Awards. Lorraine's passion, knowledge and dedication to this project, along with all of her parent and community helpers, has made the garden the success that it is with students. However, sponsorship by the Coad family has also been critical to getting the garden to where it is today. Lorraine's aspirational ideas and 'can do' attitude have seen the garden not only thrive but continue to diversify - with still more ideas under way!

As I write this column, we have two big events coming up this week. The first is our primary End of Term Reward activity tomorrow. I thought parents might like to know exactly how many students are achieving this. 119 primary students are eligible based on behaviour and 104 based on attendance. This translates to 93 students with attendance at or above 85% and who did not lose Good Standing at all this term. Please note that both attendance and behaviour are monitored right up until the day of the reward, which means that some students might still meet the attendance requirement while others might miss out for behaviour.

### *Aussies of the Month*

On Friday students who have maintained 85% or better attendance over Terms 1 to 3 will receive their certificate to take to the Shire of Wongan-Ballidu & Wongan Hills CRC Customer Service Centre to receive their FREE pool pass. Please wait until it is advertised that Pool Passes are available before taking them down to the Shire. Congratulations and thank you to parents and students who have achieved this. Special thanks to the Shire of Wongan-Ballidu for their sponsorship of this amazing attendance incentive.

SEESEAW

This Friday marks the end of our school's use of the Seesaw App. The trial with Megan Rawlings sharing posts through Compass has been very successful. We continue to explore Compass and ways that we can gain efficiencies within school but also outwards facing to our parent community. Our staff will receive training on the first Wednesday of next term on using Compass more effectively to communicate with parents. If you do not yet have Compass, now is the time to sign up. Please contact the office if you need your log in details.

We are working really hard to make our Term Planners as comprehensive as possible, even though at times this can mean we need to change a date later on. It has made planning for parents easier. Specifically I would like to mention our Presentation Assembly. Whilst still on the last Wednesday of term, 16<sup>th</sup> December, we are trialling a MORNING EVENT from 9.30am-11am.

I would like to share some fantastic feedback that some of our cadets Dylan Kelly, Paolo Pescante and Logan Breen recently received. These students attended Dowerin Machinery Field Days to help man the Youth in Emergency Services section of the DFES stand. Their role was to talk to the public about the positives and opportunities available through the Cadets program and two letters of appreciation are written below.

Fiona Yeats  
Principal

Congratulations to you and please pass on the region's sincere appreciation and congratulations to Lynelle and the Cadets for their outstanding support of the DFES display at the 2026 Dowerin Field Days.

Their professionalism, commitment and enthusiasm in engaging with members of the community were exceptional and reflected very positively on both DFES and the Goldfields Midlands Region. Throughout the event, they demonstrated a genuine passion for community safety, taking the time to connect with attendees, answer questions and share important community service messages in a way that was both approachable and meaningful. For a bonus getting AC Sutton into the action was of particular note.

The quality of information provided to the public was not only informative and educational but also highly engaging, helping to increase awareness of DFES volunteer services, and youth engagement. Their ability to communicate with a diverse range of community members and foster positive conversations contributed significantly to the success of the display.

The positive impression they created is a credit to themselves, their teams and DFES as a whole. Their efforts exemplified our values of service, professionalism and community focus, and their contribution to the event is greatly appreciated. Please convey the region's thanks and congratulations on a job exceptionally well done.

Regards

Garth Civil

Superintendent Goldfields Midlands

Country Operations Portfolio

Department of Fire and Emergency Services

79 Newcastle Rd, Northam WA 6401

I would also like to say a huge thank you to all the cadets who attended. I was so proud of the way they conducted themselves over the two days.

They were a credit to their cadet units and did a fantastic job showcasing the amazing young people in the cadet program.

They should all be very proud of themselves.

Kind regards

Lynelle Fozard

Coordinator Youth in Emergency Services

Emergency Services Complex, 20 Stockton Bend, Cockburn Central WA 6164

## BUSHFIRE SEASON

It is bushfire season again and it is important that parents are aware of what happens in the event of a bushfire that threatens the school. Our school is on the Department of Education's Bushfire Zone Register, which means that our school is at greater risk should a fire break out near by. It also means that our school could be forced to close if there is a fire behaviour index forecast for the following day of 75 or greater. The process is:

1. Our Director of Education will notify us if our school should prepare for a pre-emptive forecast (planned) closure.

2. The decision on whether or not our school will go ahead with the planned closure is made by 4:30 pm the day before the pre-emptive closure. The decision is made by either the:

- Deputy Director General, Schools
- Manager, Security and Emergency Management

We will receive as much notice as possible so we can inform parents, staff and students.

3. We will use Compass to notify parents and staff.

4. If the forecast changes after the 4:30 pm deadline, the school remains closed.

5. If weather conditions improve between the announcement of pre-emptive closure and 4:30 pm on the eve of closure, pre-emptive closure may be cancelled. If the closure will not go ahead, our Director of Education will advise us, so we can notify our school community that the school will open as usual.

If there is a fire in the area, the following warnings may apply:

Emergency services communicate information in a number of ways during a bushfire event. Use these warnings to understand when your need to activate your bushfire procedures (refer to Appendix B).

| Bushfire warning stages                                                                                       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
|---------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p><b>ADVICE</b></p>         | <p>A fire has started, be aware and keep up to date.</p> <p>This is general information to keep principals informed and up to date with developments.</p> <p>Principals must:</p> <ul style="list-style-type: none"> <li>turn off evaporative air conditioners and ensure roof vents are closed.</li> <li>check and patrol the school regularly for bushfire activity, paying particular attention to the evaporative air conditioners.</li> </ul>                                                                                                                                                                                                                                                                                                                                                                                                                  |
| <p><b>WATCH AND ACT</b></p>  | <p>There is a possible threat to lives and property. Conditions are changing.</p> <p>Principals must prepare to:</p> <ul style="list-style-type: none"> <li>evacuate; or</li> <li>move students, staff and visitors to their pre-determined onsite 'safer building location'. They must not be moved to an open area.</li> </ul> <p>Evacuation orders are:</p> <ul style="list-style-type: none"> <li>issued by the Incident Controller or Emergency Services if required.</li> <li>relayed via official sources such as <a href="#">Emergency WA</a>.</li> </ul> <p>It is vital that the principal:</p> <ul style="list-style-type: none"> <li>accesses bushfire information from official sources</li> <li>makes an informed decision to stay onsite or evacuate offsite based on advice from the Incident Controller or Emergency Services.</li> </ul>           |
| <p><b>EMERGENCY</b></p>      | <p>A school is in danger as its area will be impacted by fire. Take immediate action to survive.</p> <p>The principal will be advised whether staff, students and visitors can leave the area or if they must shelter where they are as the fire burns through the area.</p> <p>A siren, called the State Emergency Warning Signal (<a href="#">SEWS</a>), may accompany an emergency warning.</p> <p>Evacuation orders are:</p> <ul style="list-style-type: none"> <li>directed by the Incident Controller or Emergency Services.</li> <li>relayed via official sources, such as <a href="#">Emergency WA</a>.</li> </ul> <p>It is vital that the principal:</p> <ul style="list-style-type: none"> <li>accesses bushfire information from official sources</li> <li>makes an informed decision to stay onsite or evacuate offsite based on the advice.</li> </ul> |

Please note:

- Our safer onsite location is the block containing the library, art and music rooms
- In most instances we will relocate to these rooms and be 'defended in place' by DFES
- Our safer offsite locations are the Mocardy Centre and the Civic Centre. Parents will be advised if, when and where we are evacuating to by Compass.
- If either of these are unsafe then we will be advised where we will be required to evacuate to. We will then notify parents by Compass.
- We will be advised when it is safe/appropriate for parents to collect children and this will be communicated to parents via Compass (assuming communication systems are still operational). We would ask that parents do NOT try and collect their children as we move between venues, this creates traffic risks and is not practical for us to manage. If parents are asked to collect their children from school, please park along Quinlan St, and DO NOT enter the staff carpark – this is to ensure school access remains clear to firefighting appliances. We recognise this process may be stressful, however we would also ask that parents remain calm and respectfully follow the processes to collect your child/ren and have them signed out by our staff. We can only hand over your child/ren to yourselves as parents or to someone else that you have advised us will be collecting your child. We are not permitted to release your children to other relatives, friends or neighbours without your direct permission.

## **100% Attendance HONOUR ROLL**

### **Term Two 2026**

We acknowledge that there are students who would have achieved 100% attendance had they not been sick or had appointments they needed to attend. However this honour roll is to recognise the students who were able to achieve 100% attendance.

# The Story of a School Garden

Like many endeavours in a small community, tiny seeds of ideas are planted, watered carefully by effort & imagination and after years of patience, flourish into something special. In this case, the tiny seeds of our School Garden were planted by Dwight & Lee-Anne Coad and have very literally been nurtured by parents & community members over the last 6 years, culminating in a prestigious award being received from the Stephanie Alexander Kitchen Garden Foundation. The \$10,000 donation from the Coad family, made over 5 years from 2021 to 2025, has resulted in not only a thriving garden, but also an outdoor learning area, and the beginnings of an enterprise program, encompassing both primary & high school students.

## It Takes a Village

Success is always the result of the combined efforts, skills, time & talents of many people. Whether it is community members donating pineapple tops for propagation, or the weekly parent sessions that are the mainstay of the program, the School Garden has flourished because of the dozens of people who have contributed in many different ways.

Next year we will look to extend our collaboration with other groups and seek opportunities to give back to the community, whether it is donations of seedlings for beginning home gardeners, or making time for inter-generational connections.

## Garden to Plate

Bunches of basil growing? Let's make pesto! Too many zucchinis? How about a chocolate cake? Bountiful melons? Send some to Breakfast Club! Having too much is never a problem and helps to teach students about what to do with the excess!

## Outdoor Learning

The School Garden has an amazing outdoor classroom space, with seating, tables, whiteboard & stationery items, which make it easy for a class to head outside and work for an hour. This term, one class even completed all of their Biological Science lessons outdoors!

## Enterprise Begins

From saving seeds to making sweet chilli sauce, the beginnings of small enterprise have started! Last year students made and sold mulberry and quandong jams, seedlings & seeds. This year, we will add sweet chilli sauce & herbal products (lavender & calendula salves) to our repertoire!

### WANT TO GET INVOLVED?

We are always looking for community members & groups to get involved. If you are interested in seeing what the School Garden is all about, contact Lorraine on 0418 624 657.

# R U OK DAY IN NYINGARN

On Thursday 10th September, our class acknowledged R U OK? Day by exploring the importance of caring for and looking out for one another.

The children created kindness trees, discussed scenarios where they could make kind choices, and enjoyed some free craft using yellow, the brand colour of the R U OK? Foundation. We talked about how we can actively show others that we care and the importance of telling a trusted adult if we are not feeling OK so that we can receive support.

R U OK? Day is a wonderful reminder that a simple conversation and showing someone we care can make a difference. If you are needing support yourself, remember to reach out.

For more information and resources, visit <https://www.ruok.org.au/>.

# NAIDOC Week for our Primary School students

On Wednesday 9th and Thursday 10th September, the primary classes participated in exciting incursions with Lanie Haerewa, creator of Young Yarnz.

To begin, Lanie brought along several boob nuts for students to explore. Two of the nuts had been intricately carved and decorated with stunning artwork, allowing students to admire the incredible detail involved. She also cracked open two boob nuts so the students could see the seeds inside.

Students learned about the many different uses of boob nuts. When in season, the fruit can be eaten and has a texture similar to dried apple, although it is much chalkier. The fruit can also be dissolved and used in soaps because of its excellent exfoliating properties. Students discovered that larger boob nuts provide more space for artwork, while the empty shells can be used to hold paint or water. Even the seeds can be used as chalk!

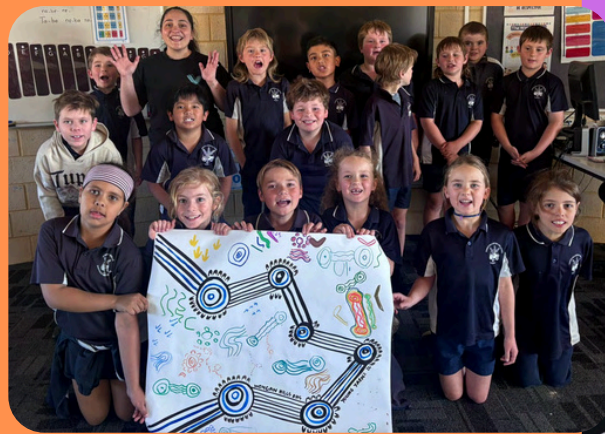

Each class participated in age-appropriate activities tailored to their year level.

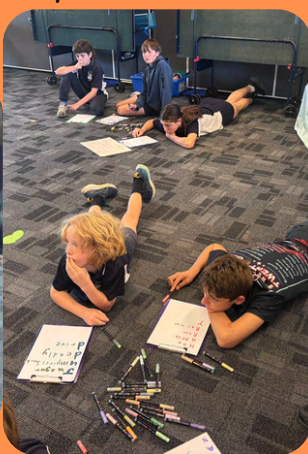

# NAIDOC Week for our Primary School students

Some classes used small sand trays to practise drawing contemporary Aboriginal art symbols before selecting their favourites to create and share a story. They also contributed artwork to a class canvas using paint pens, creating a special keepsake that can now be displayed in their classrooms.

Other classes got up and moving, using their bodies to create different features from the Derby region. They then placed five earthy colours onto a Rainbow Serpent while listening to Lanie explain the significance and meaning behind each colour.

Some students created acrostic poems inspired by places around Wongan Hills, their personalities and things that are important to them. This helped them to write their own personalised Acknowledgements to Country.

Every class was thoroughly engaged throughout the sessions and especially enjoyed meeting in person Lanie, who they have been watching and learning from on their classroom smartboards.

A big thank you to Lanie for spending two days at our school, sharing Indigenous culture, stories and traditions with our students in such an engaging and meaningful way.

Primary School students

# IT'S MUD DAY TIME!

● Come one, come all!

**Thursday 24th September | Week 10 | 2:00pm**

We're so excited to be holding Mud Day again this year for our Nyingarn and Koolbardi classes! Families are invited to come along, get messy and join in the fun!

Students: Please bring old clothes that can get muddy and gumboots if you have them.

Parents: Beware... the kids will be going home VERY muddy! Please pack a towel (or two!) for the journey home.

**We can't wait to get muddy with you!**

# Community News

**SUNDAY 27<sup>TH</sup> OF SEPTEMBER**  
**ALPHA STREET**  
**BALLIDU**

**Looking for a family friendly day out this long weekend?**

**Bring the kids, bring the bikes & enjoy all that Ballidu has to offer!**

- Bouncy castle,
- Samurai Obstacle Course,
- Face Painting,
- Food Stalls,
- APEX Train,
- Cycle Sense Bike Course
- Dress ups!

## **KIDS RIDE - KIDS COULD WIN!**

Here's some extra incentive to get the family involved this year: every participant aged 16 and under is automatically in the draw to win a \$450 voucher from Trek Cycle Osborne Park.

No entry form, no extra steps — just register your kids for Bike it to Ballidu Gravel and they're in the running.

One more reason to bring the whole crew. 27 September, Ballidu.

## **RACE SCHEDULE**

**8am**

Rider registration tent open for pack collection.

**8:45am**

Welcome to Country

**8:50am**

150km Wongan Thrills rider briefing & start.

**10:50am**

82km The Ballidude rider briefing & start.

**12:50pm**

44km Yes You Canola rider briefing & start.

**1:50pm**

12km Just Ballidu It rider briefing & start.

# Bike It To Ballidu

## Gravel x Cycle Sense

We have something new and exciting for the kids this year!

**FREE KIDS  
ACTIVITY!**

Alongside all the rides, we're bringing in CycleSense – a fun, cyclo-cross style skills obstacle course designed to test out your bike handling in the best way possible. Think tight turns, tricky obstacles, and plenty of giggles.

Want to go for it? Get your circuit time recorded and chase a Personal Best, or see where you land on the leaderboard.

Just here for fun? Jump on and give it a go, no pressure, no clock required.

It's the perfect way to keep the kids (and honestly, plenty of adults) entertained while the rides are underway. Come give it a crack!

**SUNDAY 27<sup>TH</sup> SEPTEMBER**  
**ALPHA STREET**  
**10:30 - 1:30 PM**  
**FREE FOR ALL KIDS**

School Holiday Fun

# Kids Holiday Club

**Mon 5th Oct & Tues 6th Oct, 2026**

(2nd week of school holidays)

**Come along to Kids Club**

**Bible Stories - Friends - Creative Crafts -  
Adventurous Games - Delicious Snacks -  
Incredible Music**

**9-3pm Monday and Tuesday**

**\$20 1st child, \$10 for siblings.**

**Includes lunch, snacks and activities**

The Holiday Club will be run by Karen Box and Robyn Lawrence, with adult and teenage helpers. (Robyn has 30yrs of experience running children's programs in churches and we are grateful to her for travelling to Wongan Hills).
